Dear Ms. Brown:

This is in response to your notification letter dated October 13, 1992, concerning the documented or threatened release of hazardous substances at the Carrier Air Conditioning Superfund Site in Collierville, Shelby County, Tennessee, and the reference to federal statutes available to the state for assessing natural resources damages.

As Natural Resources Trustee for the State of Tennessee, I will participate in all negotiations with the potentially responsible parties of the Carrier Air Conditioning Superfund Site to ensure the protection and/or restoration of natural resources damaged by a release at the Carrier Site.

Sincerely,
